**Engineer:**       **Stantec Planning and Landscape  
Architecture PC**

**RE:**               **Addendum No. 2**  
**1 of 2**  
**Pages**

---

---

Addendum No. 2 has been prepared to make the following revisions and/or clarifications to the proposal documents for “Artificial Turf Replacement – Hurricane Sandy” project. They are a result of issues discussed at the pre-proposal conference held on January 22, 2013 and any questions received by close of business of January 24, 2013 (Deadline to submit questions to the BCPA).

**Clarifications:**

1. Contractors should carry an allowance for 100 tons of Free Draining Finishing Stone per specifications and provide a unit cost for each ton.
2. Contractors should carry an allowance for 8,300 SF of Brock Pad Underlayment per the specifications and provide a unit cost per Square Foot and per panel.
3. Contractor to acknowledge receipt of Addendum Number 1, Dated January 19, 2013 and incorporate any changes into the bid submitted herein.
4. Schedules of Values for the following to be submitted:
  - Base Proposal
  - Backstop Repairs
  - Alternate Proposal (include any required premium time to complete the project within schedule)
  - Unit Pricing as above
5. Interviews have been scheduled for February 5, 2013 at 3:00 pm, and February 6, 2013 at 10:00 am and 11:00 am respectively. Please hold this time for attendance, should you be selected.

The above clarifications **must** be reflected in the Bid Documentation

**Questions:** (answers to all question are shown in Italics immediately after the question)

- 1) Insurance requirements include pollution policy and profession liability policy, are these necessary for this scope of work? ***Pollution and Professional Liability are not required.***
- 2) Can the authority give the bidders an amount of finish stone to include in our bids? (i.e. 200 in allowance). That way the grades can be adjusted and everyone assumes the same qty, as we are unsure of any settlements. ***See above Clarification #1.***
- 3) Can the Authority provide fence subcontractors for backstop work so bidders can attempt to attain MBE/WBE goals? (the website is very vast and we trust the authority can provide viable candidates to contact) ***See attached***
- 4) Does this project require a Bid Bond? ***No. BCPA does not require Bid Bonds for proposals submitted.***
- 5) We would like to obtain a cost estimate for the project. If we have an accurate estimate of the expected budget for the project, we can make sure your project is seen by the correct contractors for

the size and type of the project. Providing us this valuable information will limit the number of unnecessary phone calls you receive from contractors inquiring on the size or cost of the project. ***We are unable to provide this information.***

- 6) If you are unable to give a specific estimate for the cost of the project, please provide us either:
- A range that we can provide our customers still allowing them to identify if the project is a good fit for their company, and if they are interested in submitting a bid. ***We are unable to provide this information.***

---

By signing the line below, I am acknowledging that all pages of the addendum has been received reviewed and understood, and will be incorporated into the bid price submitted. This document must be attached to the proposal for consideration.
