- (d) a manual of recommended infrastructure maintenance protocols and schedules (“Maintenance Protocols Manual”).

BPCA reserves the right to (a) determine at the beginning of the Study, in consultation with the successful Proposer, the order in which the categories of Infrastructure Elements are inspected and assessed, and (b) request up to five (5) discreet interim reports/updates related to portions of the Study or the entirety of the Study, as applicable (the “Interim Reports”) in order to address specific infrastructure questions, issues, or projects.

Interested parties may download the complete request for proposals (“RFP”) via the link provided below or by visiting BPCA’s website at www.bpca.ny.gov and clicking on the “Opportunities” tab. All Proposals must meet the requirements listed in the RFP.
